The length and frequency of training sessions is more in line with football clubs, schools and academies across the globe. This objective is to having players utilising time more effectively. PLAYING TIME – POLICY ON FAIR TIME ON PITCH

The following is the Clubs policy on fair play time for players:

Under 6 to 11
All players should be given "equal" time on the park where reasonable.

This is only a guide, a player's actual **"equal time"** on the pitch **may be limited** due to other contributing factor including sickness or injury, absence at training or compulsory Club functions or misbehaviour or insubordination by the player or their parent.

As a guide, possible reduction in Playing Time due to the above-mentioned factors will include for each individual occurrence and may vary according to severity or re-occurrence and will be at the discretion of the Coach to apply:

Miss Training/Game (with Notice)	¼ Length of Game
Miss Training/Game (without Notice)	½ Length of Game
Misbehaviour / Rudeness / Insubordination	½ Length to Full Game

From time-to-time players will be required to help out other teams due to lack of player availability. The Club will always try and fill these positions by bringing players **Up** an age group rather than down unless it is impractical or impossible.

INSURANCE

Cover is included as part of the registration fee with the Football South Australia. Players are encouraged to take out their own private health insurance including ambulance cover. The Club is not liable for sporting injuries and/or medical expenses that are associated with this. If an ambulance is dispatched for a player it is the Player and/or Parent/Car Giver who is responsible to cover the cost of this service.
